Instructions for use

CENTURY IRRIGATION SYSTEMS is an ISO 9001 : 2015 **HDPE and PVC pipes** manufacturing company.

We have an vast experience in **designing & executing irrigation & water supply projects**, thousands successful projects since **1987**.

We are dedicated to giving you best **HDPE pipes & PVC pipes** with focus on **Quality**, In Time delivery and at **Competitive cost**. From **expertise designing** piping network to we are offering the **best solutions**

Our facilities are equipped with **latest tools and Modern technology Laboratory** which can handle all the related processes of strict **quality control** which are routinely conducted throughout the production process from the **inspection of raw materials to the finished goods.**

Diligent quality control procedures are carried throughout the manufacturing process from bringing in the **raw material to the delivery & storage of finish products.** Apart from the **manufacturing process,** we also provides **on-site engineering, technical and installation assistance.**

Hello!

Our products **AQUALINK HDPE Pipe & AQUALINK PVC Pipes** as ISI marked as per Bureau of Indian Standards 4984:2016 & 4985:2000 respectively and certified by **Maharashtra Jeevan pradhikaran.**

AQUALINK HDPE Pipe

- **AQUALINK HDPE Pipes** are made from **Best Quality Virgin material**, for long lasting life.

HDPE Specification

AQUALINK HDPE Pipe

- **Size/ Diameter:**
20mm to 250mm
- **Pressure Rating/ PN Class:** PN2.5 to PN16
- **Material Grade:** PE 100, PE80 and PE63
- **Length of Pipe:** 6mtr & 12mtr, AQUALINK pipes are also available in coil upto 110mm size

Application/strength:

- Portable water supply
- Lift & Gravity Irrigation Systems
- chemical / acids transportation
- Ash Slurry Conveyance
- Brilliant flexibility and strength

AQUALINK PVC Pipe

AQUALINK PVC Pipes are made from Best Quality Virgin material, for long lasting life.

PVC Specification

AQUALINK PVC Pipe

- **Size/ Diameter:** 20mm to 250mm
- **Pressure Rating/ Class:** 4kg/cm² to 10kg/cm²
- **Length of Pipe:** 6mtr

Application/strength:

- Lift & Gravity Irrigation Systems
- easy installation
- Light weight
- High impact strength

Factory:

Plot No. A-230, 5-Star Midc, Kagal,
Kolhapur. 4162016.

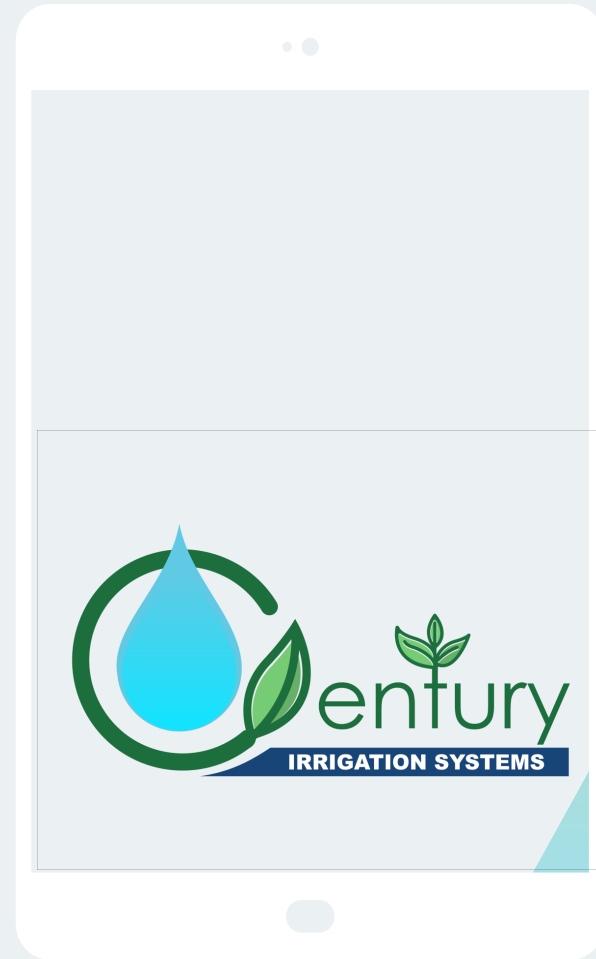

Office:

Ligade Sankul, 1150/KH, E-Ward,
Opp. KDCC Bank(HO), Shahupuri
Kolhapur.

Contact No: 9011250011,
9168250011, 9168260011
